WINES

MENDOZA
ARGENTINA

Don Rosendo Wines offers the world wines that are born at the foot of the Andes Mountains developed in a natural and unique environment with our identity and independence.

DON ROSENDO
WINES

The constant search for a unique identity within the climate, soil and topography of our vineyards resulted in the creation of Don Rosendo, wines that represent the characteristic expressions of the terroir.

Don Rosendo Wines is an independent company with a strong family tradition and a great history of agricultural development from its roots in the early nineteenth century to the present day.

We have a team of dedicated and committed professionals who guard our wines, barrels and stowage day by day and we incorporate the most modern technology for bottling and processing.

Our wines are born at the foot of the Andes Mountains with a unique nature, pure water and a radiant sun.

The great thermal amplitude in temperatures is a fundamental characteristic in Luján de Cuyo, Agrelo and the Perdriel area in Mendoza, it is the basis of our development.

The associated farms in the Uco Valley with intensive controls in the vineyards ensure a solid base for the creation of our line of wines: Don Rosendo Wines.

DOÑA FINA

Wines that are born together with the delicate and robust native and wild flora of our mountain land in Mendoza.

Doña Fina recalls the landscaper who knew how to demonstrate art with nature by projecting the harmony of the will and design in her gardens.

Our wines demonstrate this exquisite blend of nature, flora and aromas in combination with a delicate work of the grape and patience to achieve the perfect palate.

We wait for the right maturity to be enjoyed at its best.
